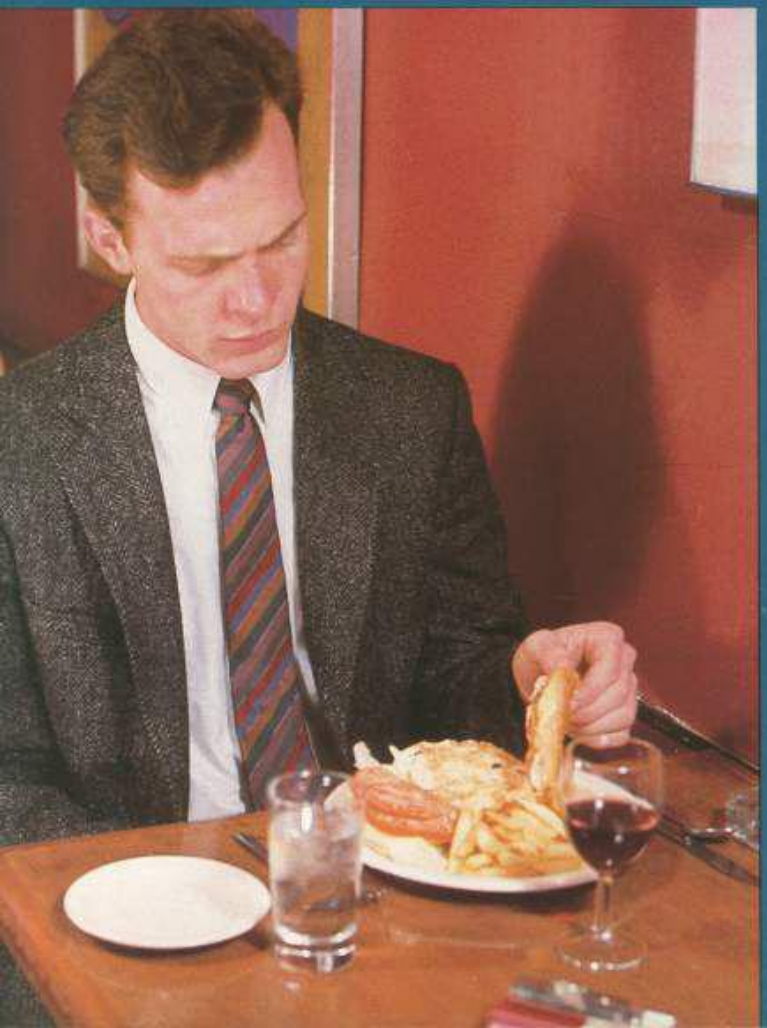
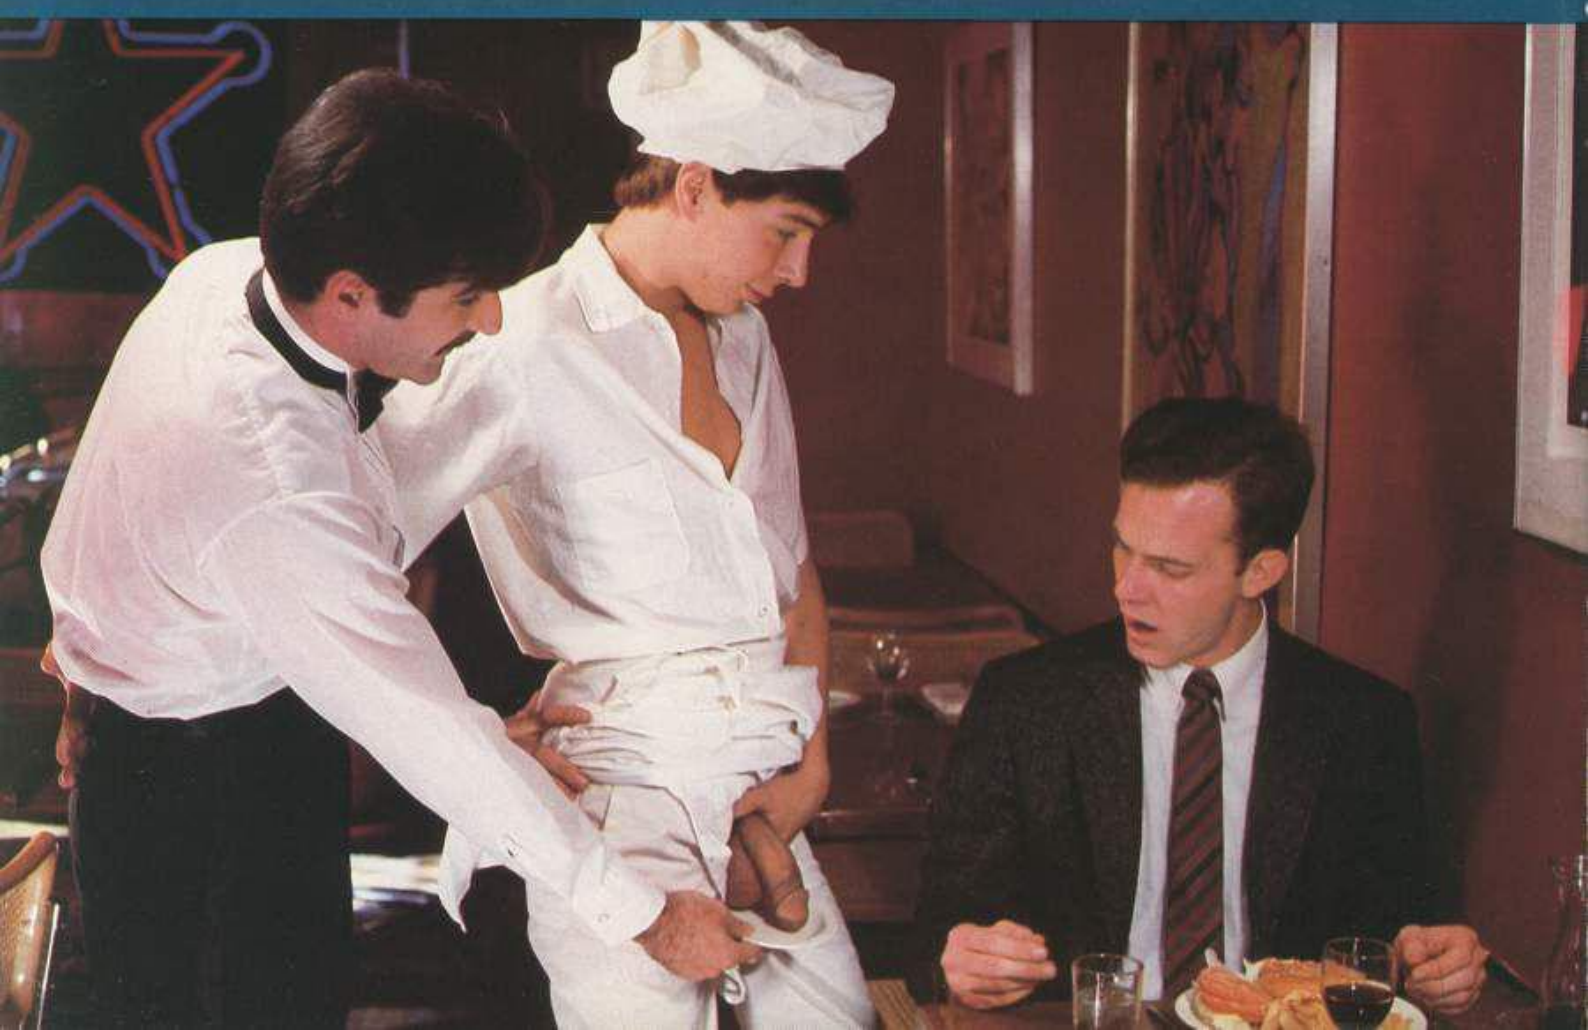
11 INCH tube steak

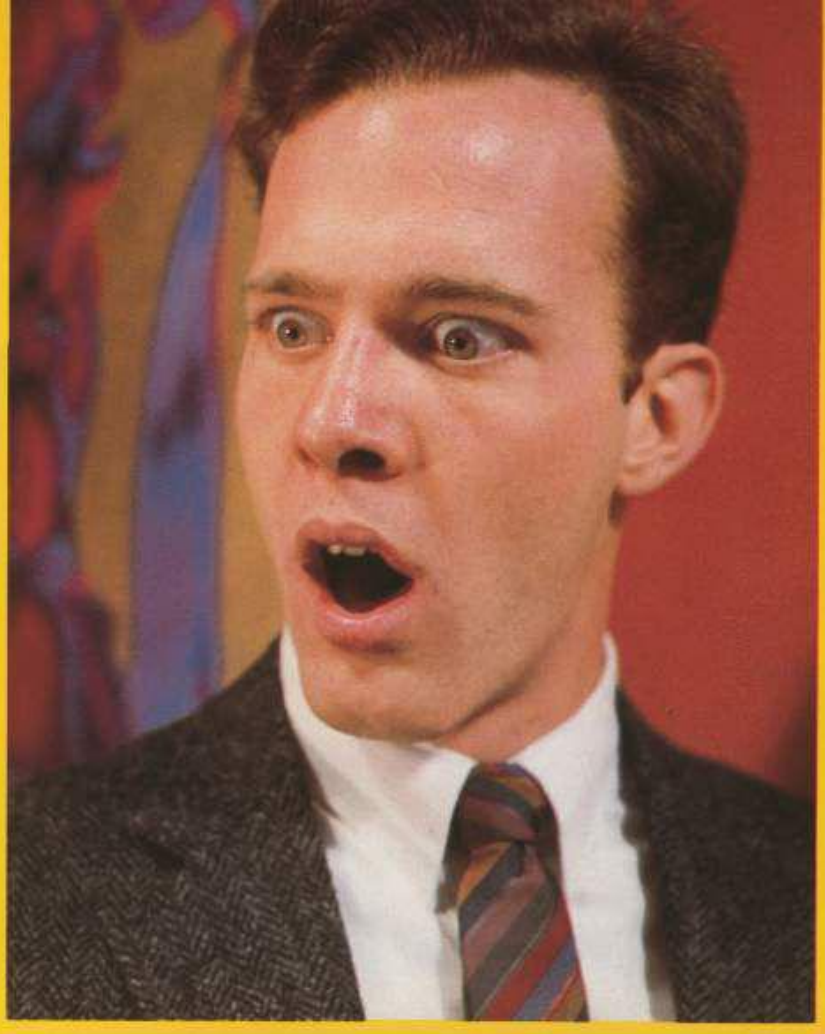
RARE

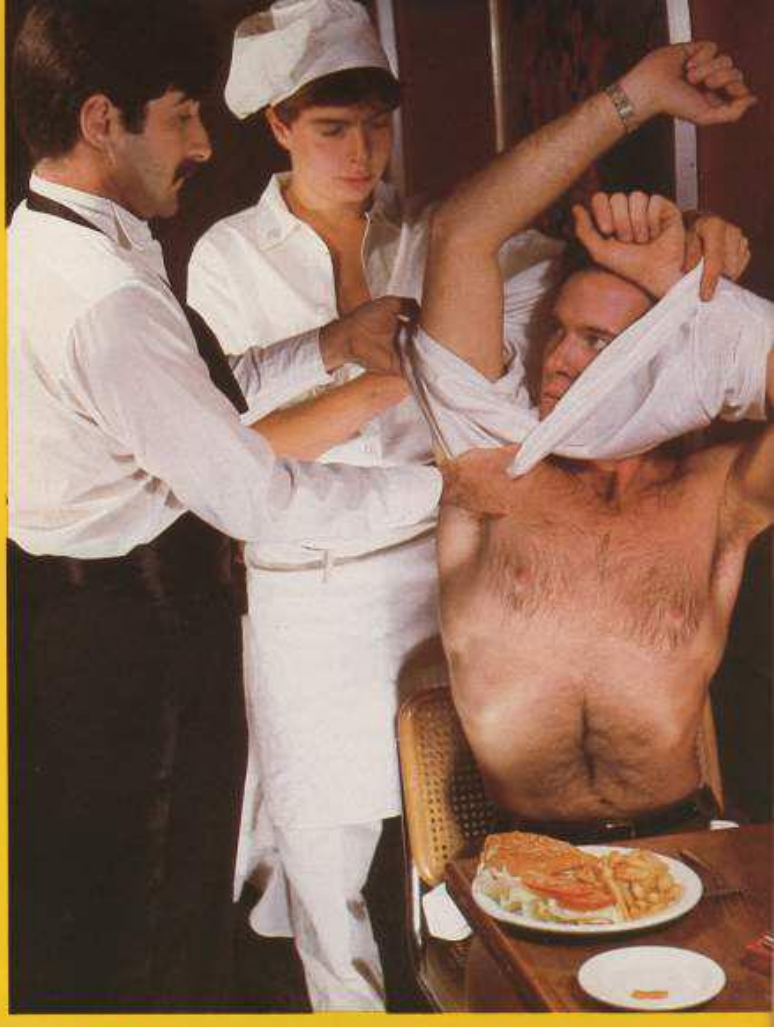
Allen just stopped in for a quick bite after a long day and a longer evening of meetings. A little wine and a burger was all he wanted, but jeez, look at this thing! There's no meat in here! Marc, the waiter is unruffled. "Meat? You want meat? I'll get the chef."

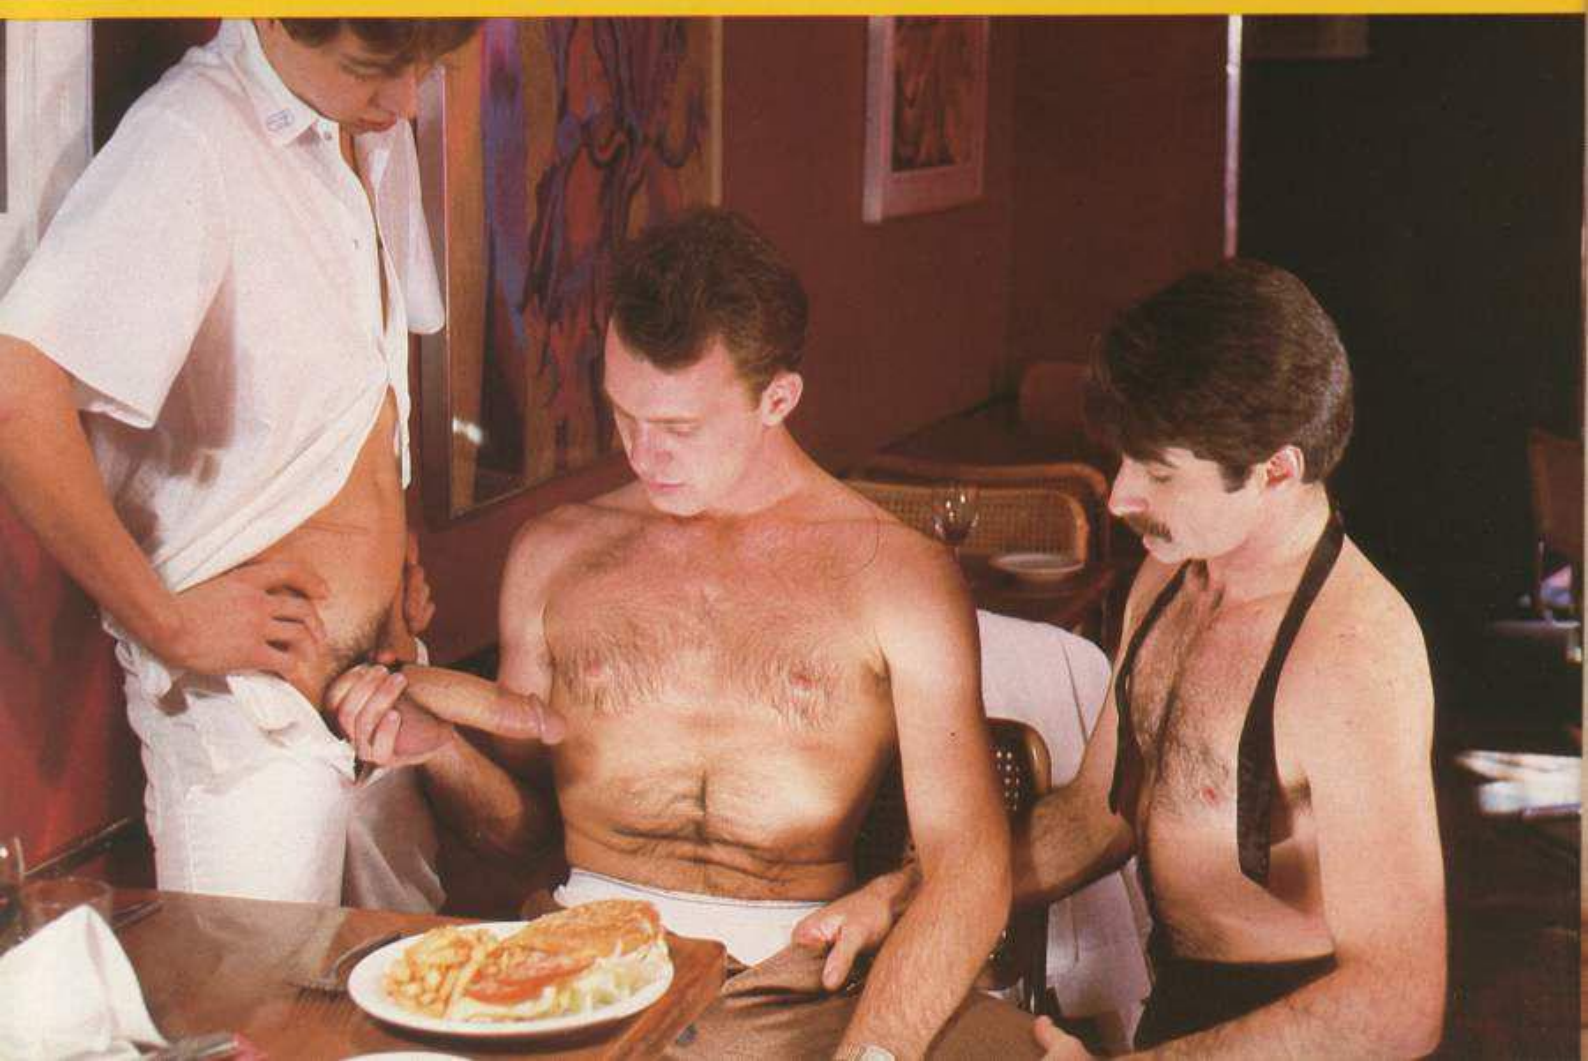




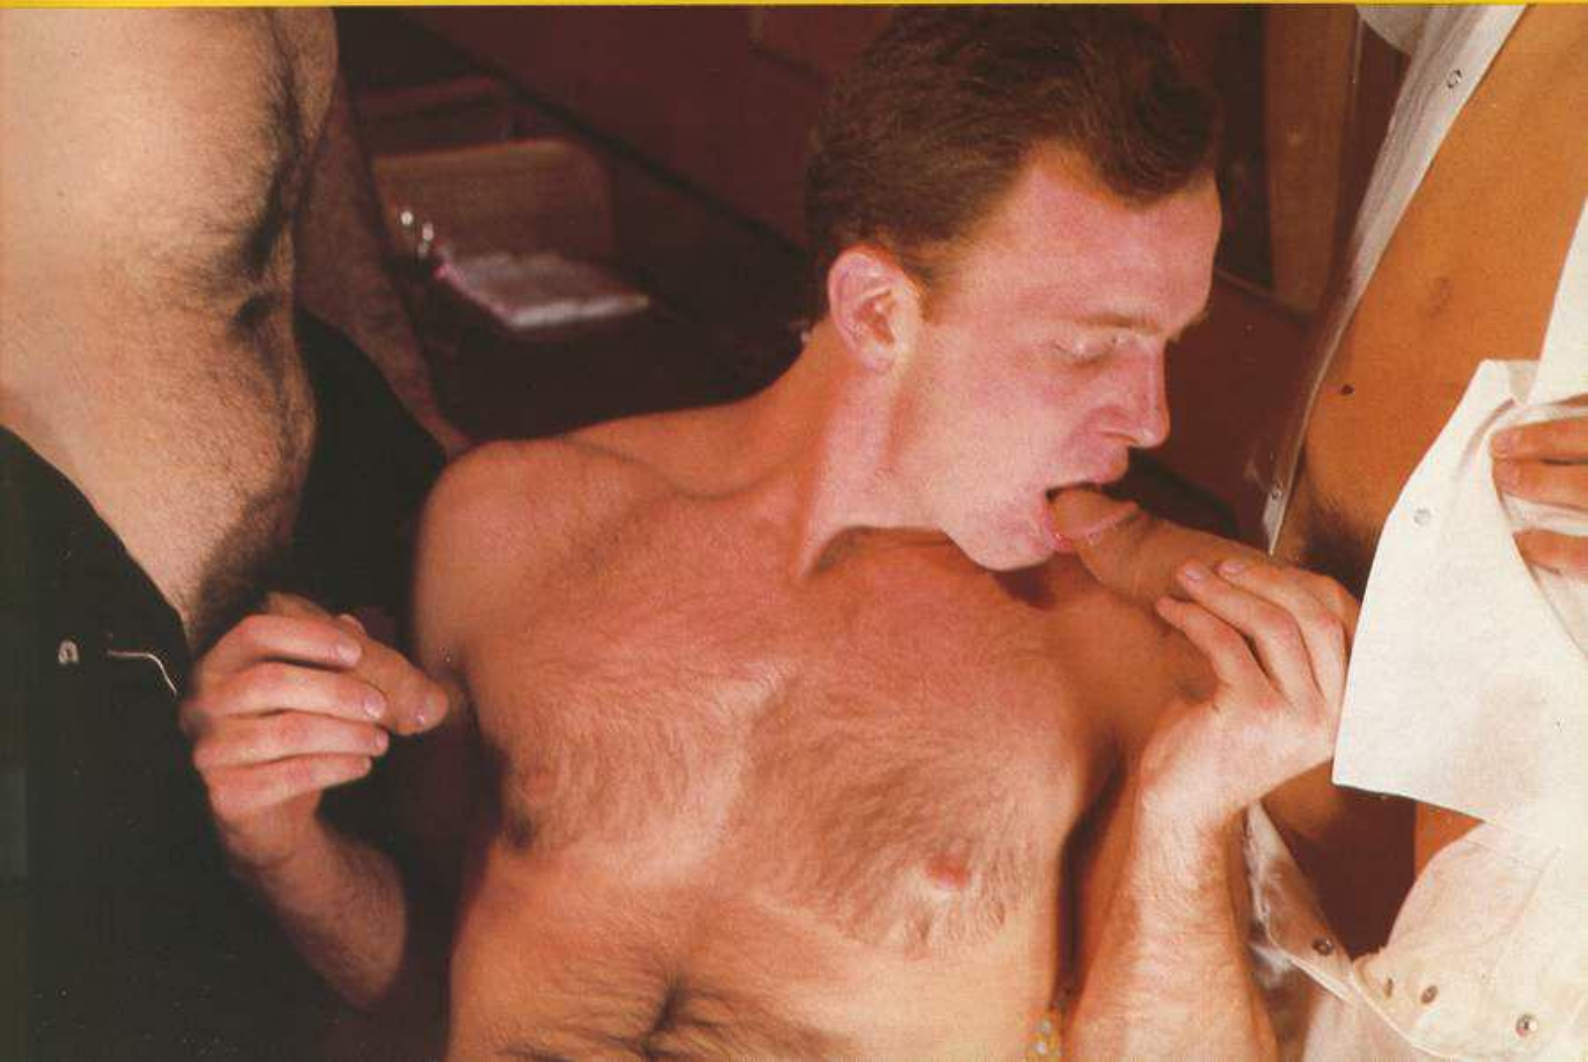
Vinnie is the chef's name. He appears at the table with a gleam in his eye and a half smile. Allen demands meat and Marc whisks away Vinnie's apron to reveal—Voila—MEAT!





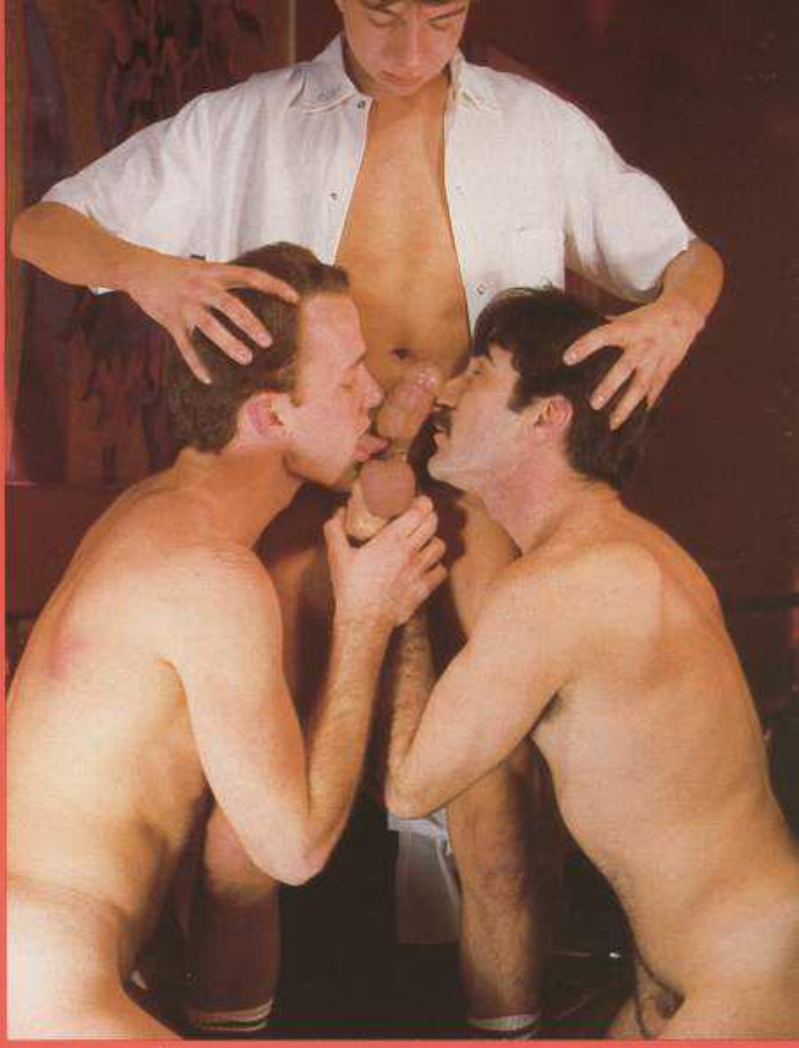


Marc and Vinnie are more than partners in their cafe. They had Allen out of his clothes in a flash. Vinnie just wants to be sure that Allen gets plenty of his special—tubesteak.

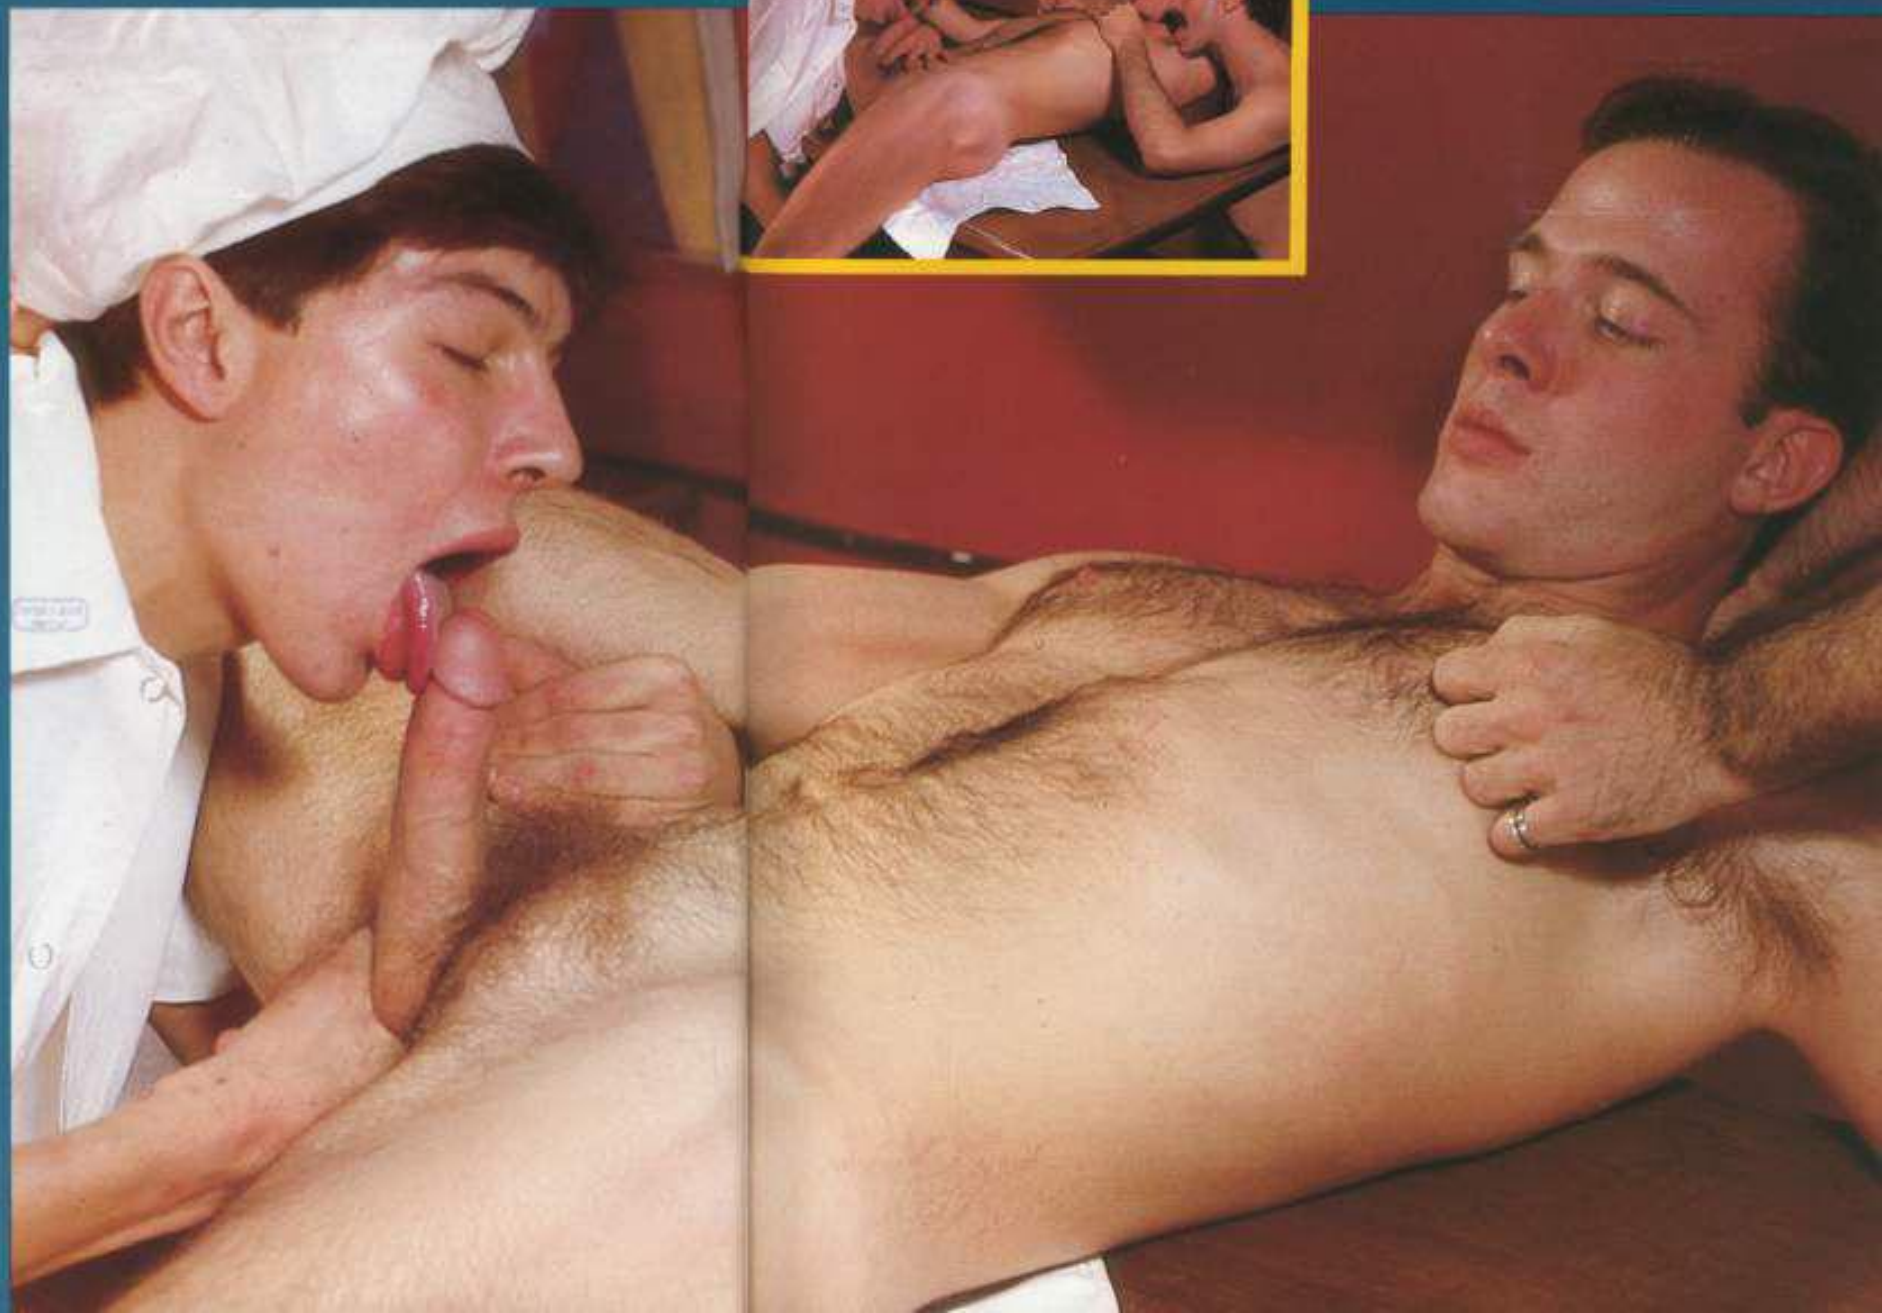


Allen stuffs his face with this special sausage, chomping on the choice cut of beef.

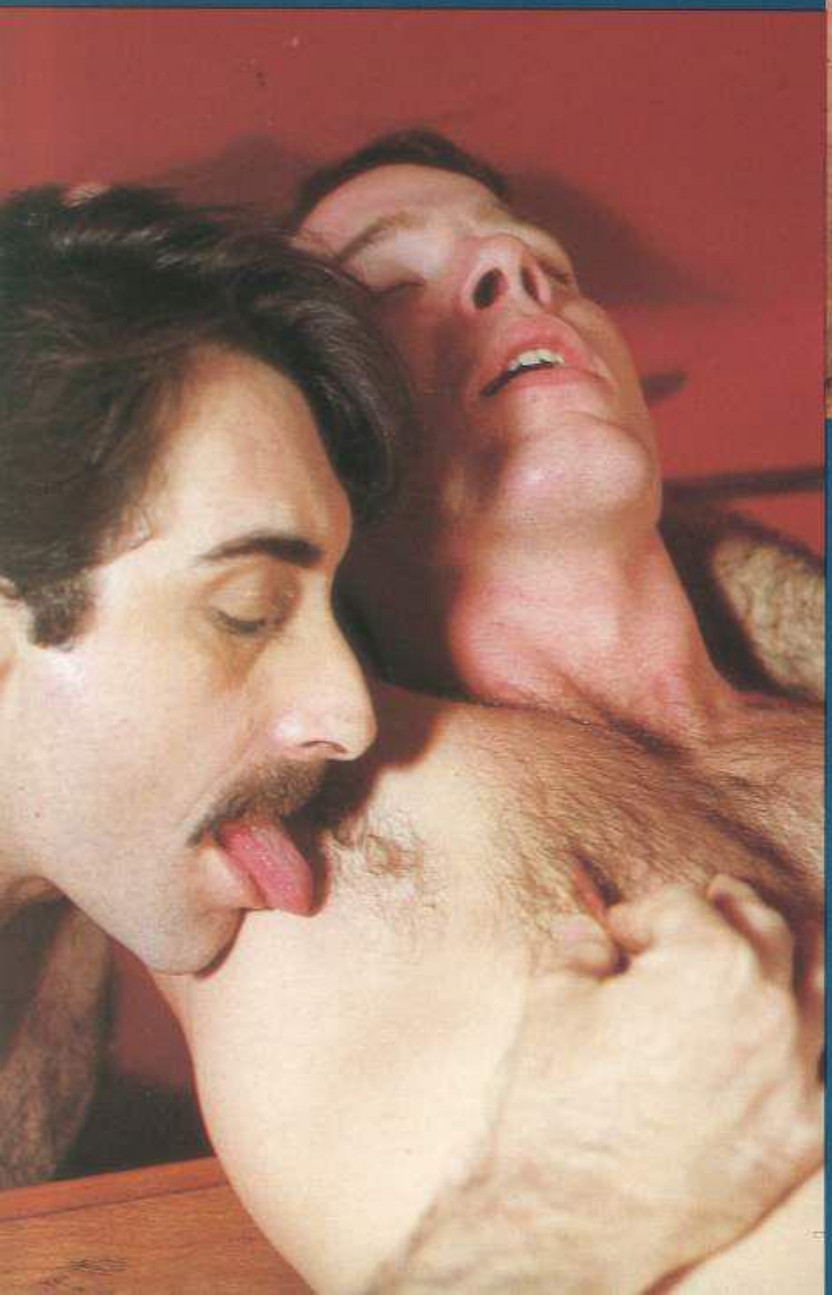
Vinnie is proud of his quality meat and passes out samples to both Allen and Marc.



Passion is driving Allen to a frenzy and he squirms eagerly all over the table, offering his ass to the delicious slab.

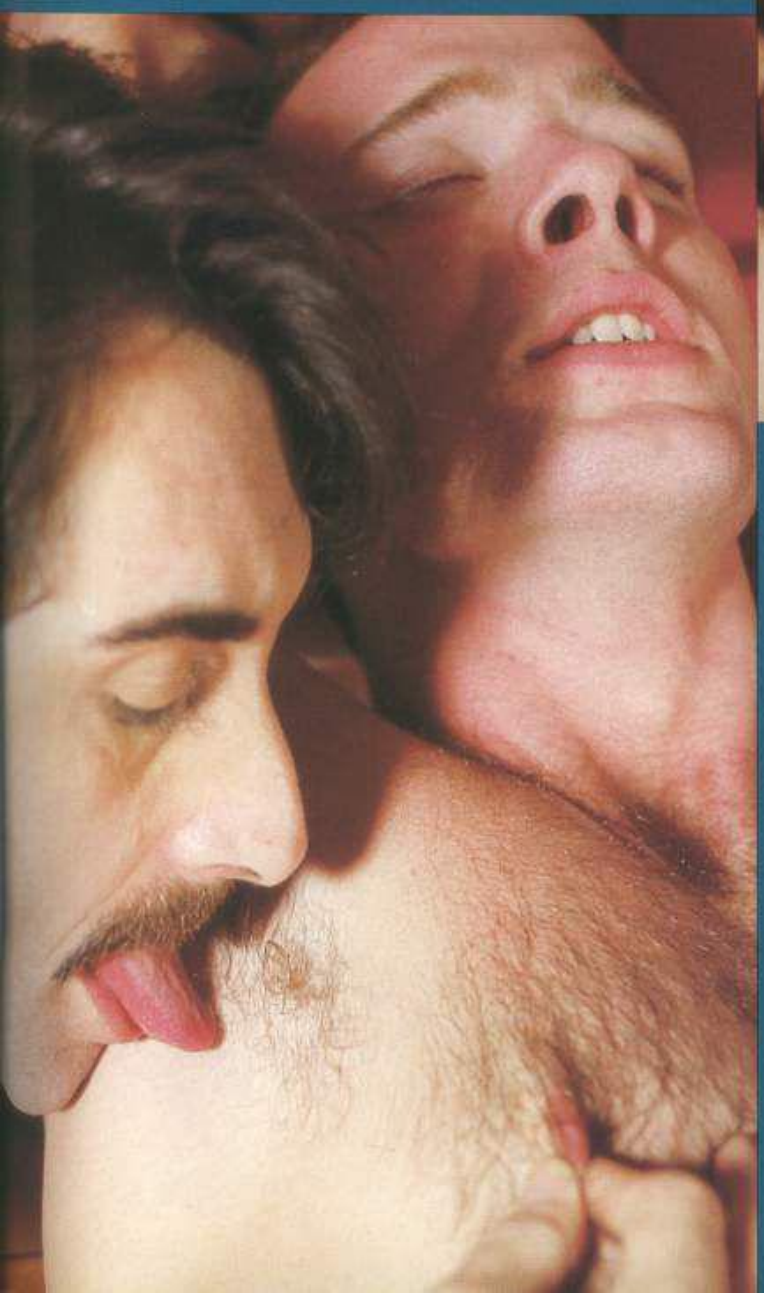


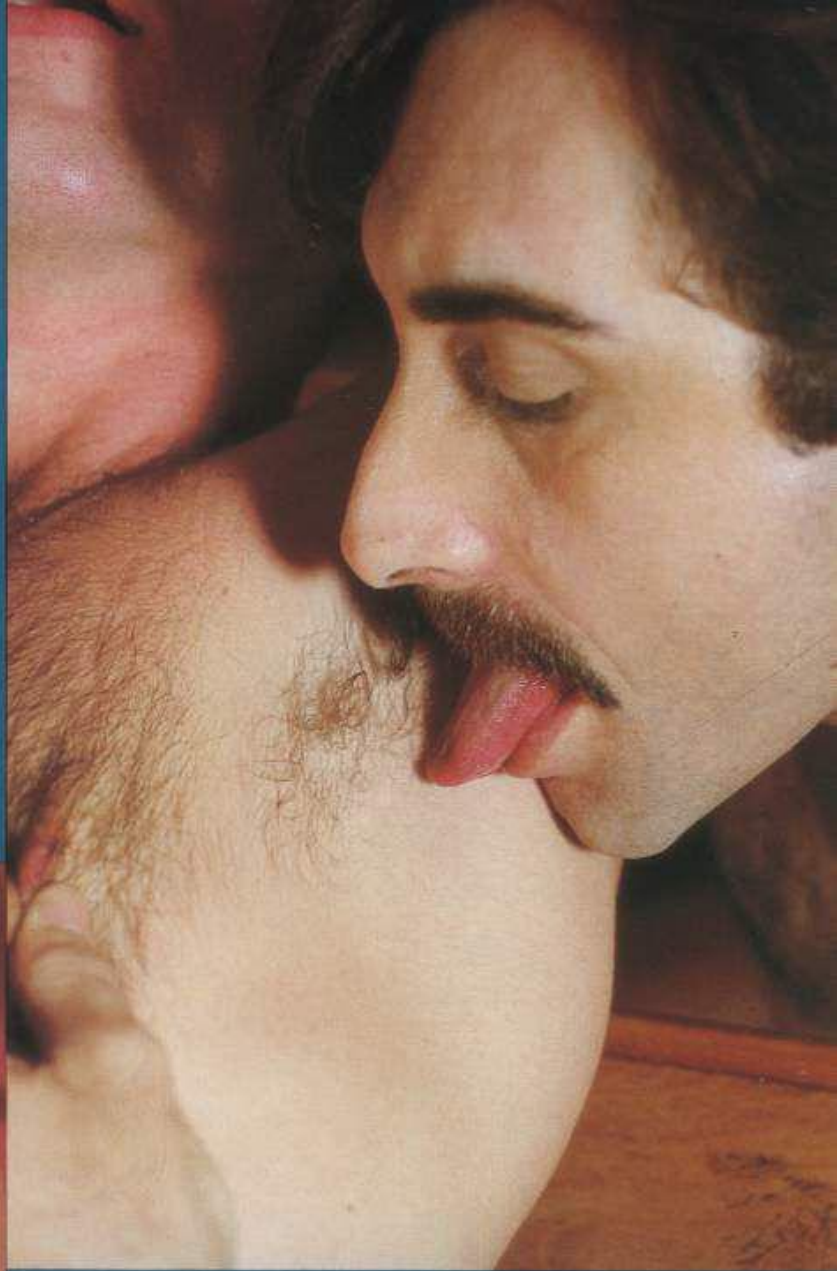
Vinnie finally gets to sample Allen's cut of meat. His table manners are barbaric, which is fine with Allen.



Marc decides to sample another delicacy. His hot tongue probes and toys with the sensitive nipples.

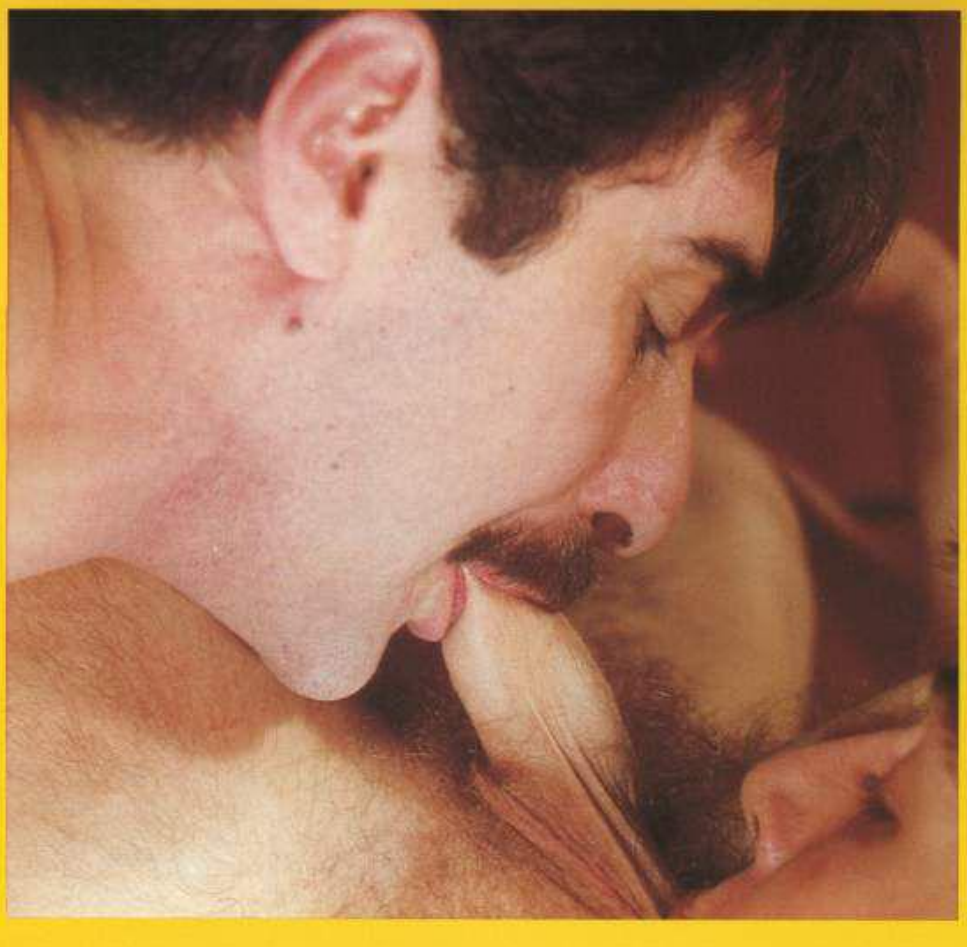
He moves to Allen's exposed armpit and slowly crazes Allen with his warm strokings of the vulnerable skin.



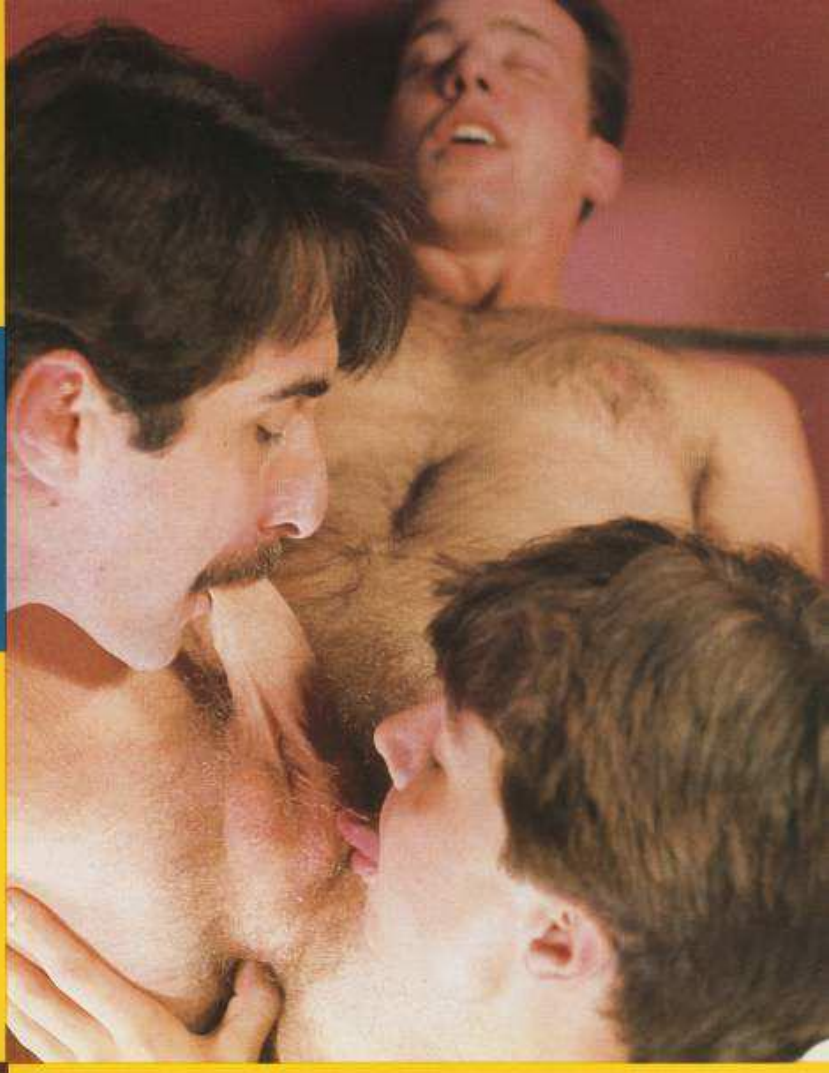


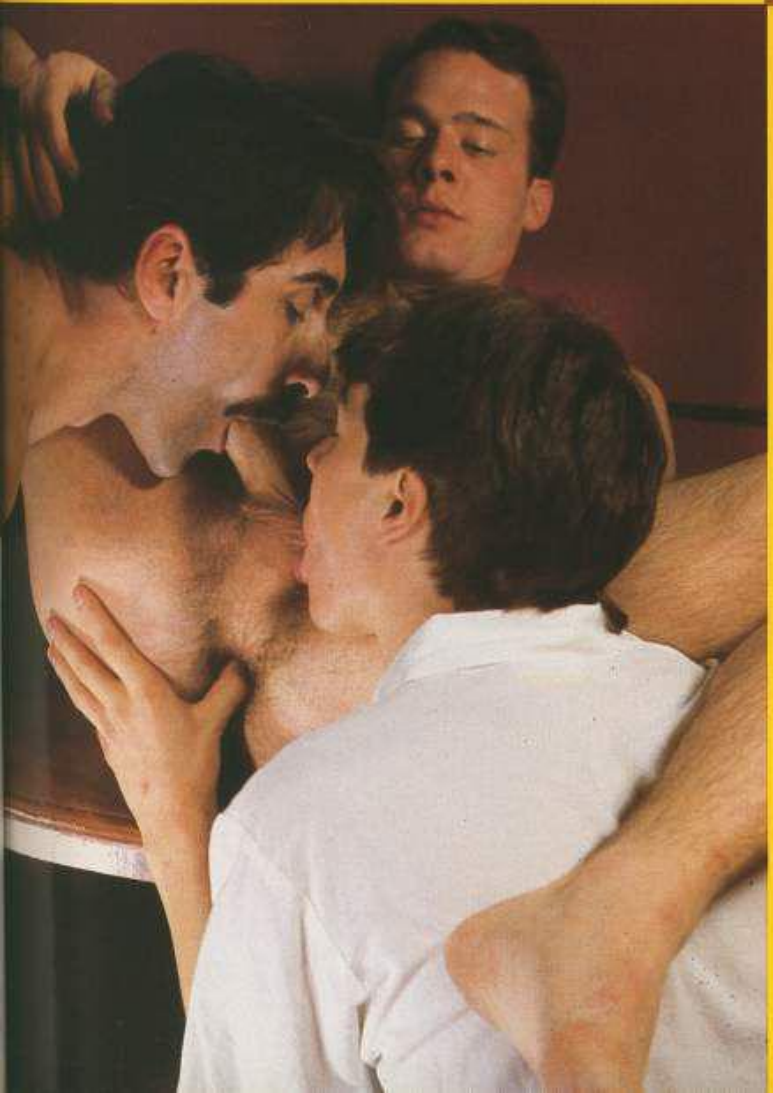
Allen groans as his whole body tingles and twitches to the tit and pit job.

It was a conspiracy all along and now Vinnie and Marc join up to work Allen's cock and balls. There's not getting away from these two, even if Allen were trying.



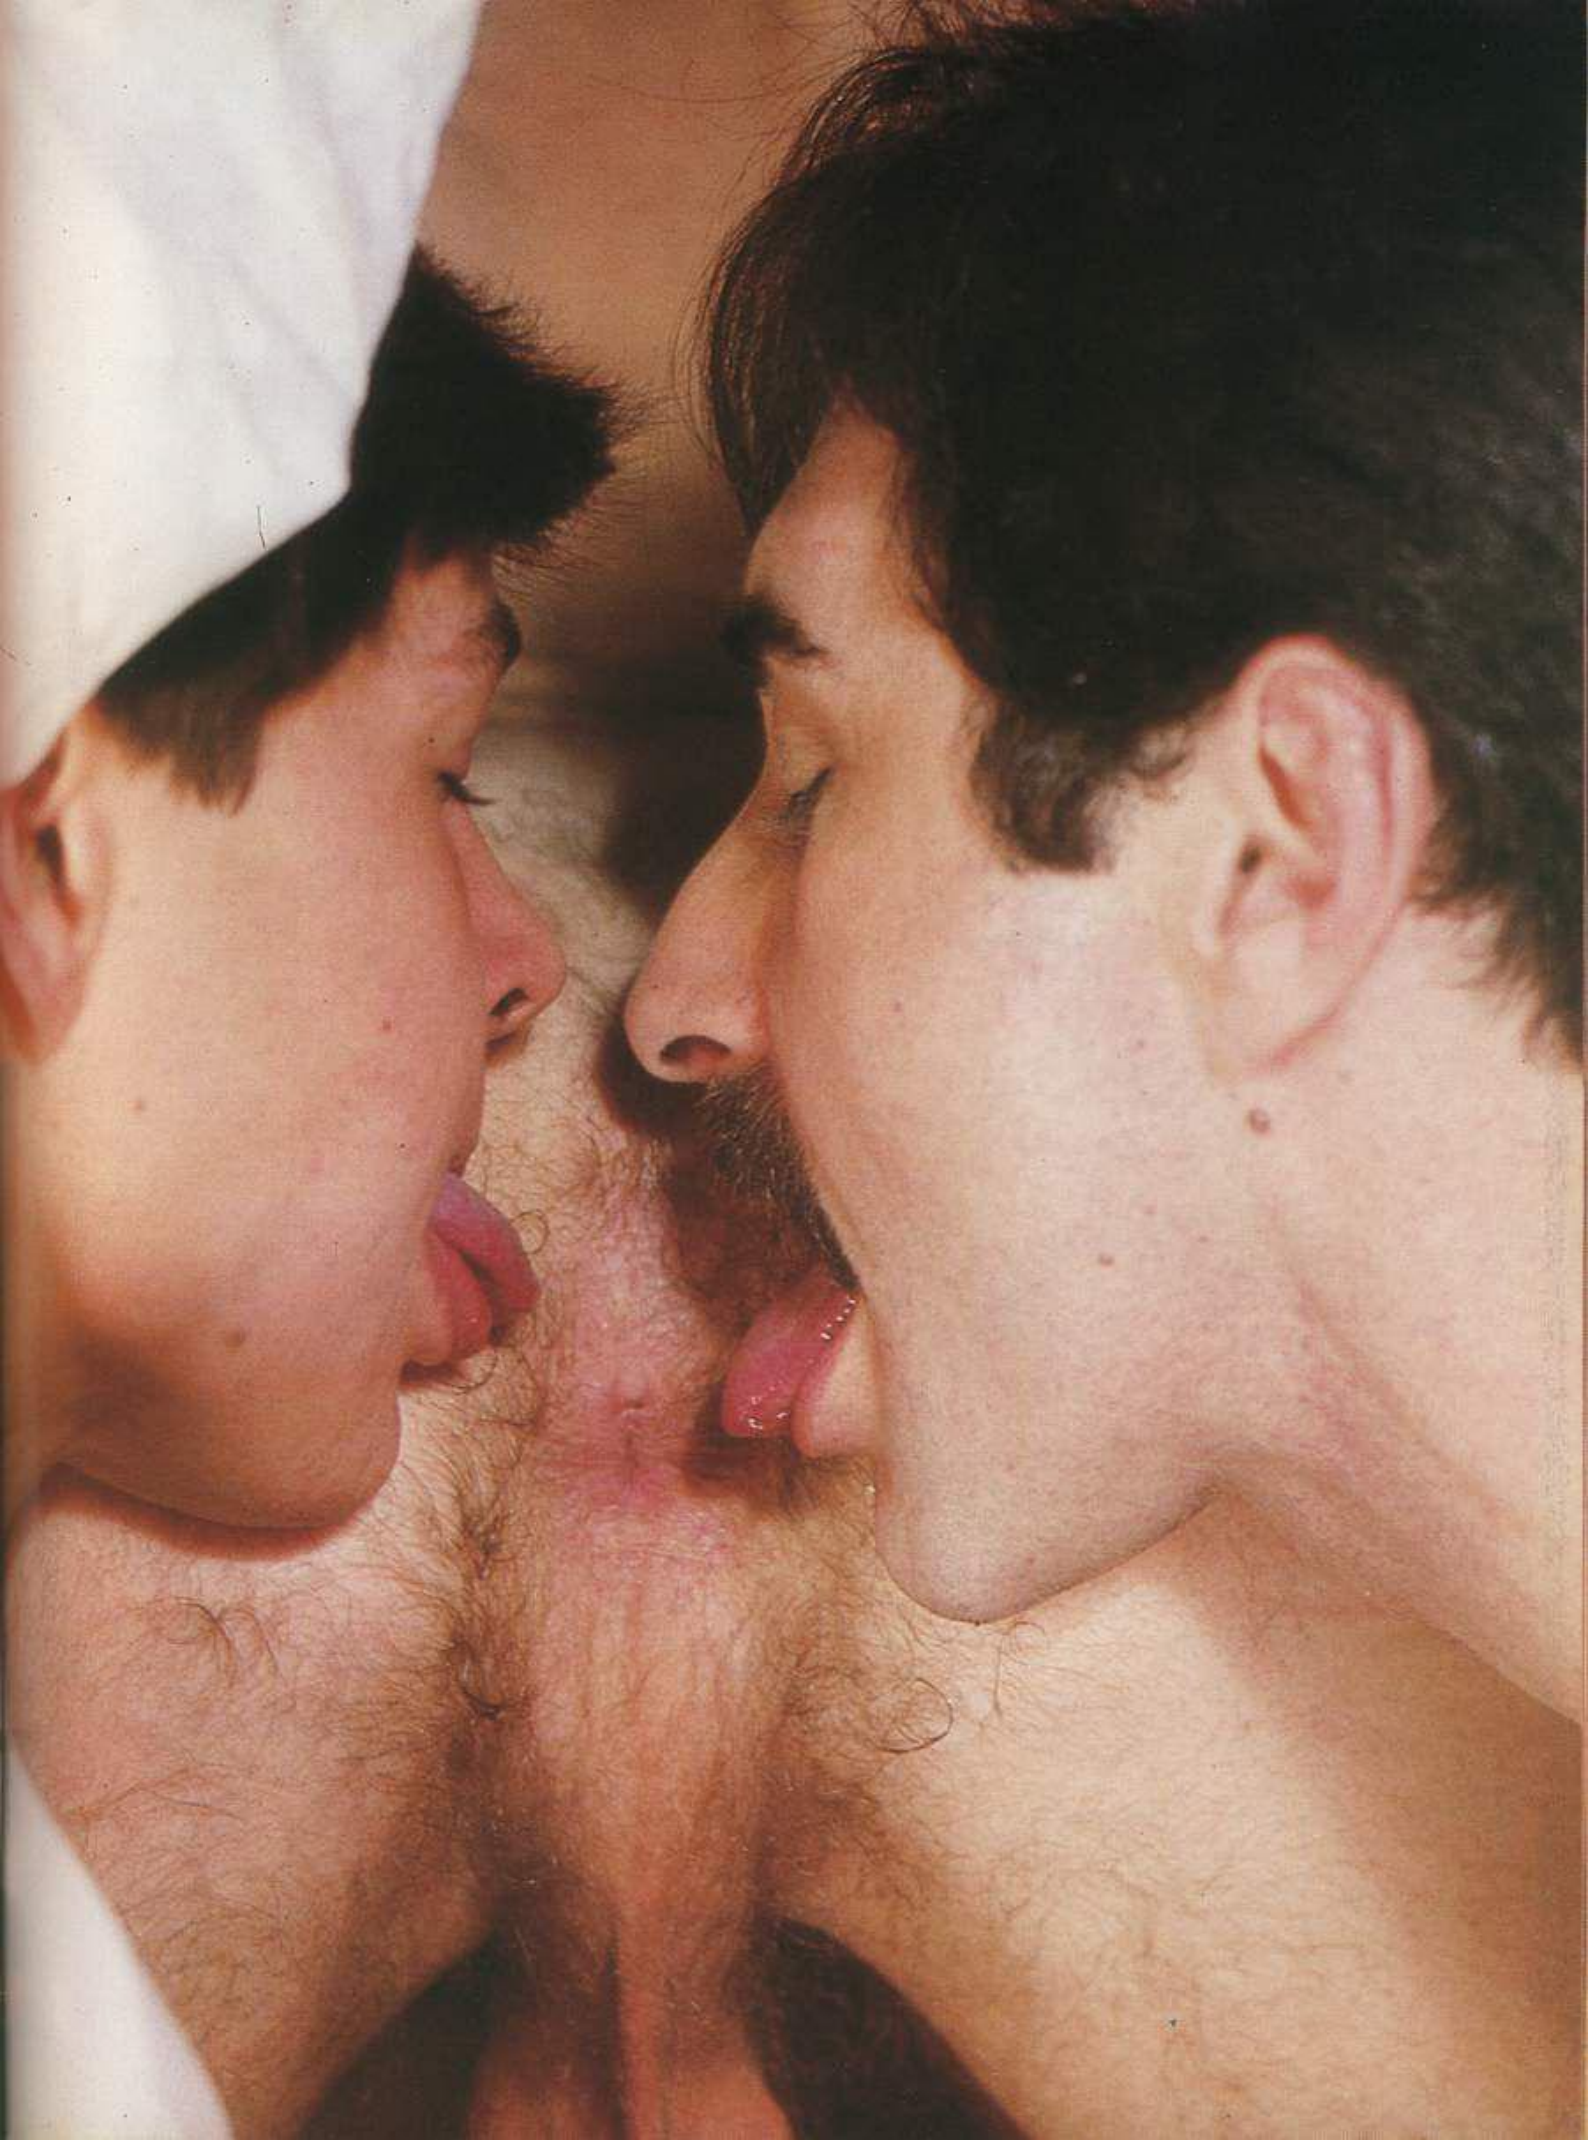
Vinnie sucks first one and then the other of Allen's balls into his hungry mouth and rolls them around with his tongue.





Marc pulls on Allen's plump prick with his heavy suction mouth, pumping the rod to throbbing hardness.

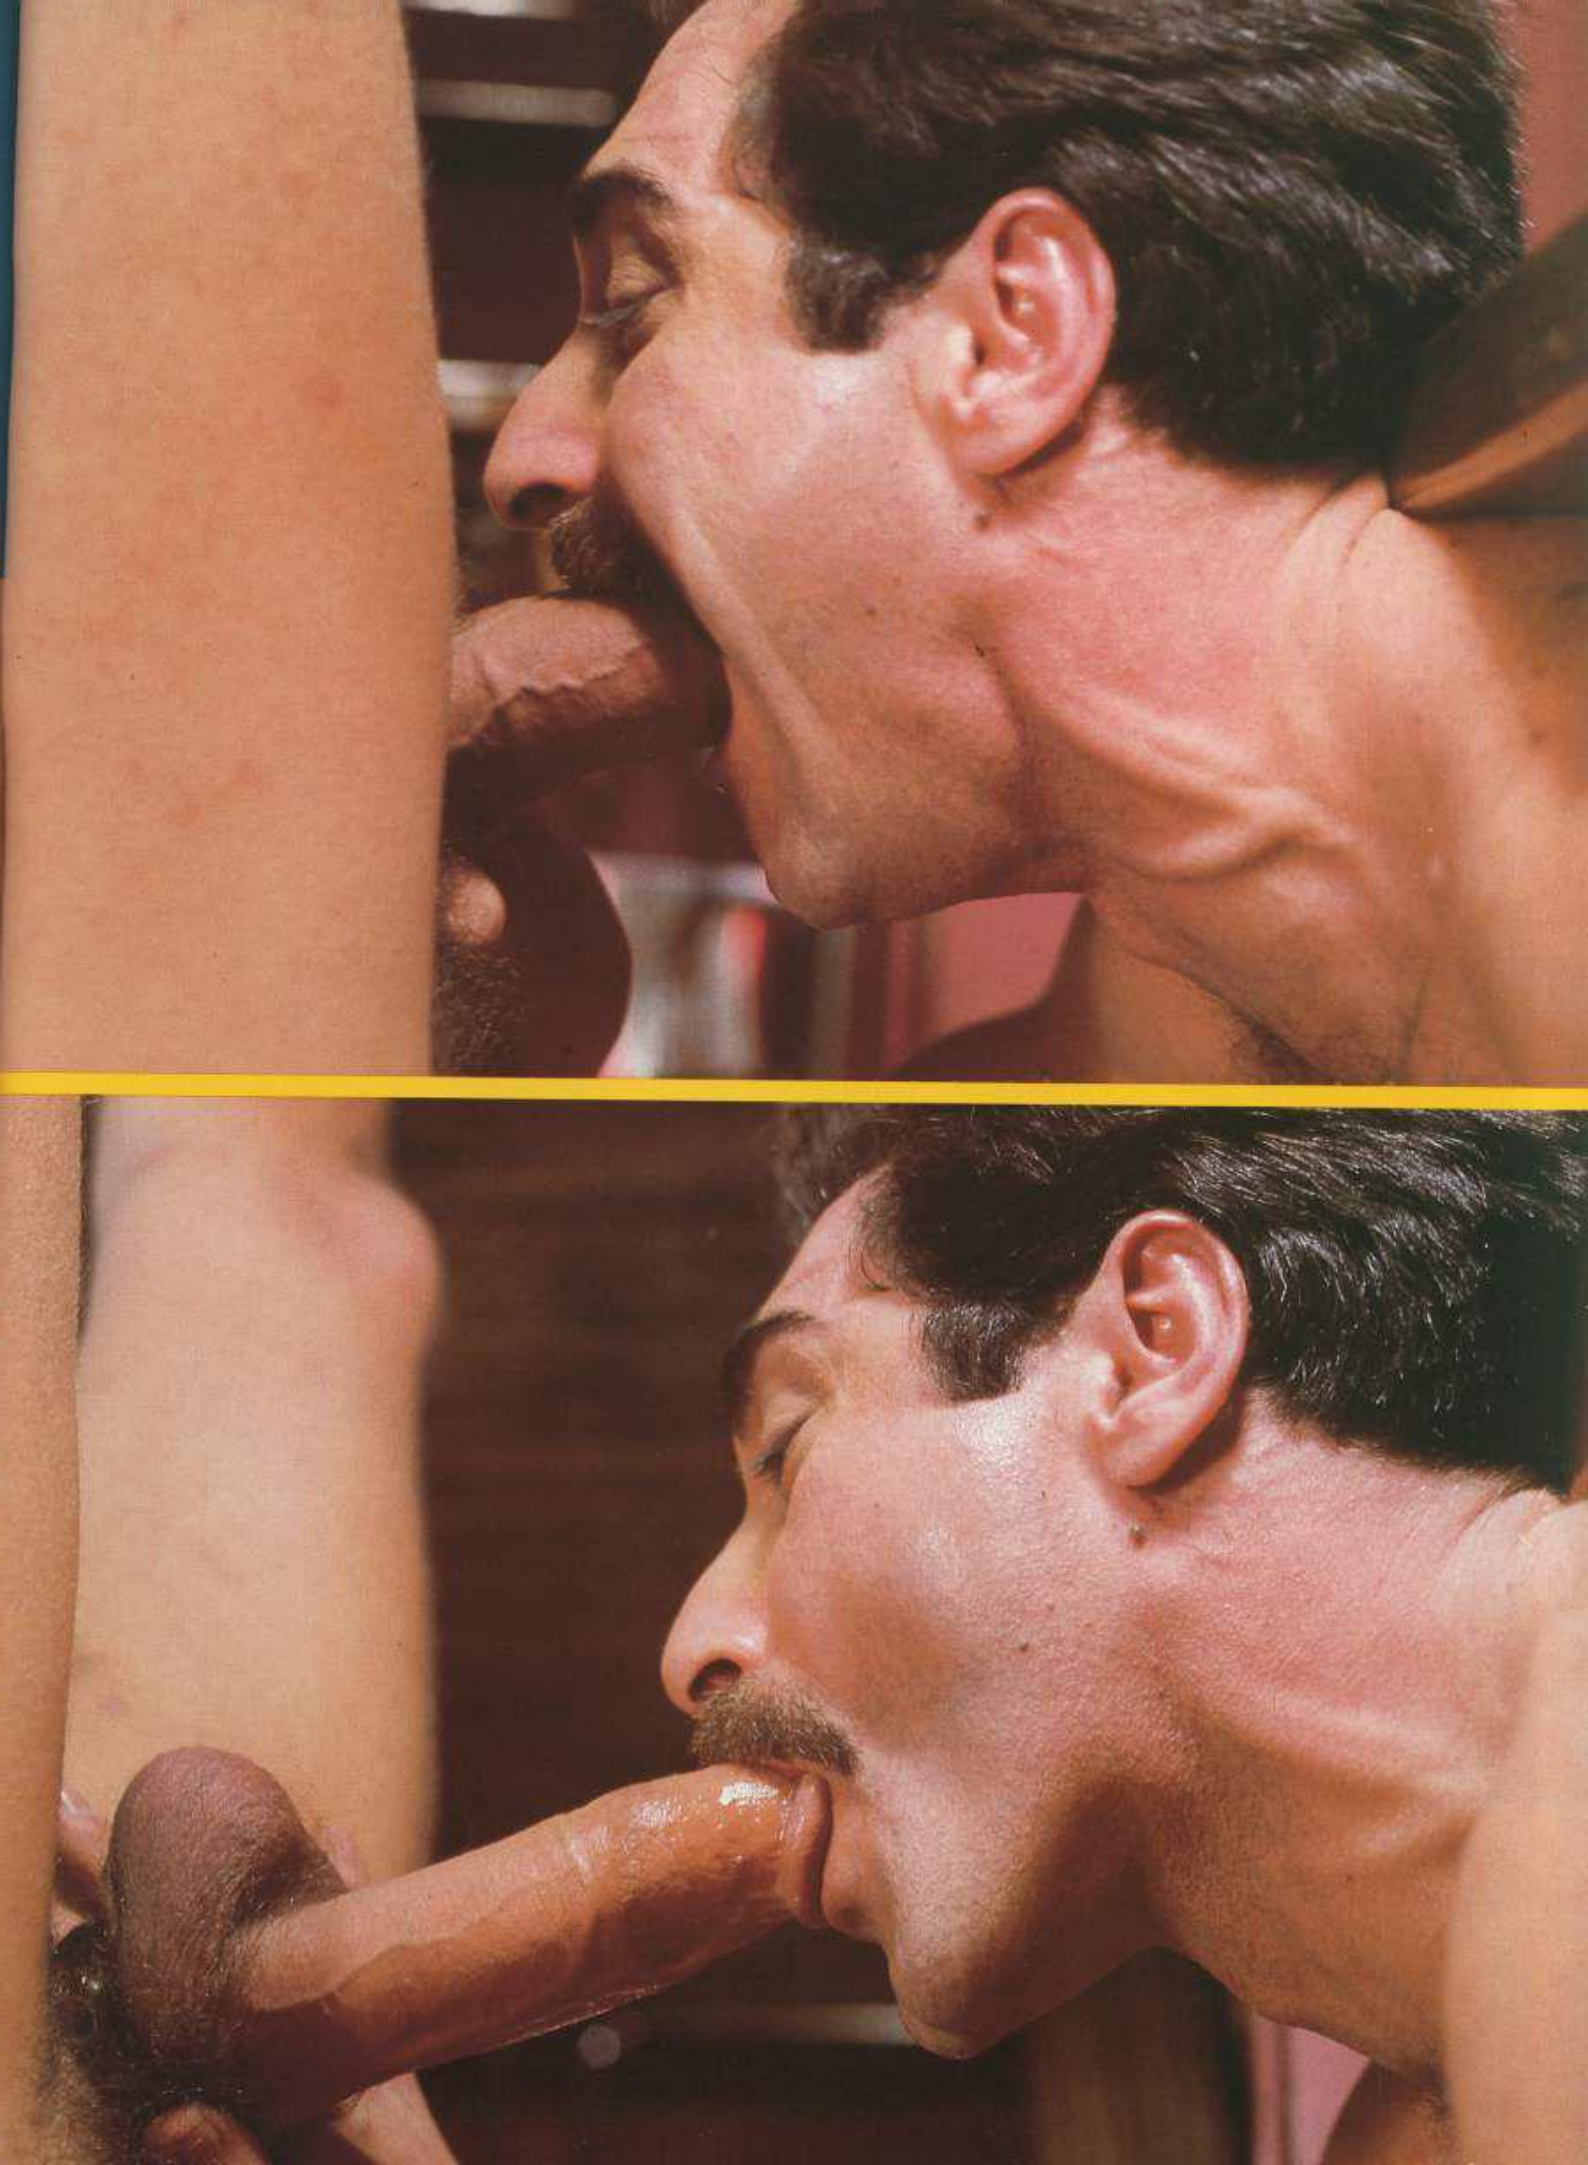
The drooling duo assaults Allen's ready rear. Slurping over the mouth-watering buns and savoring the manspicy asshole.

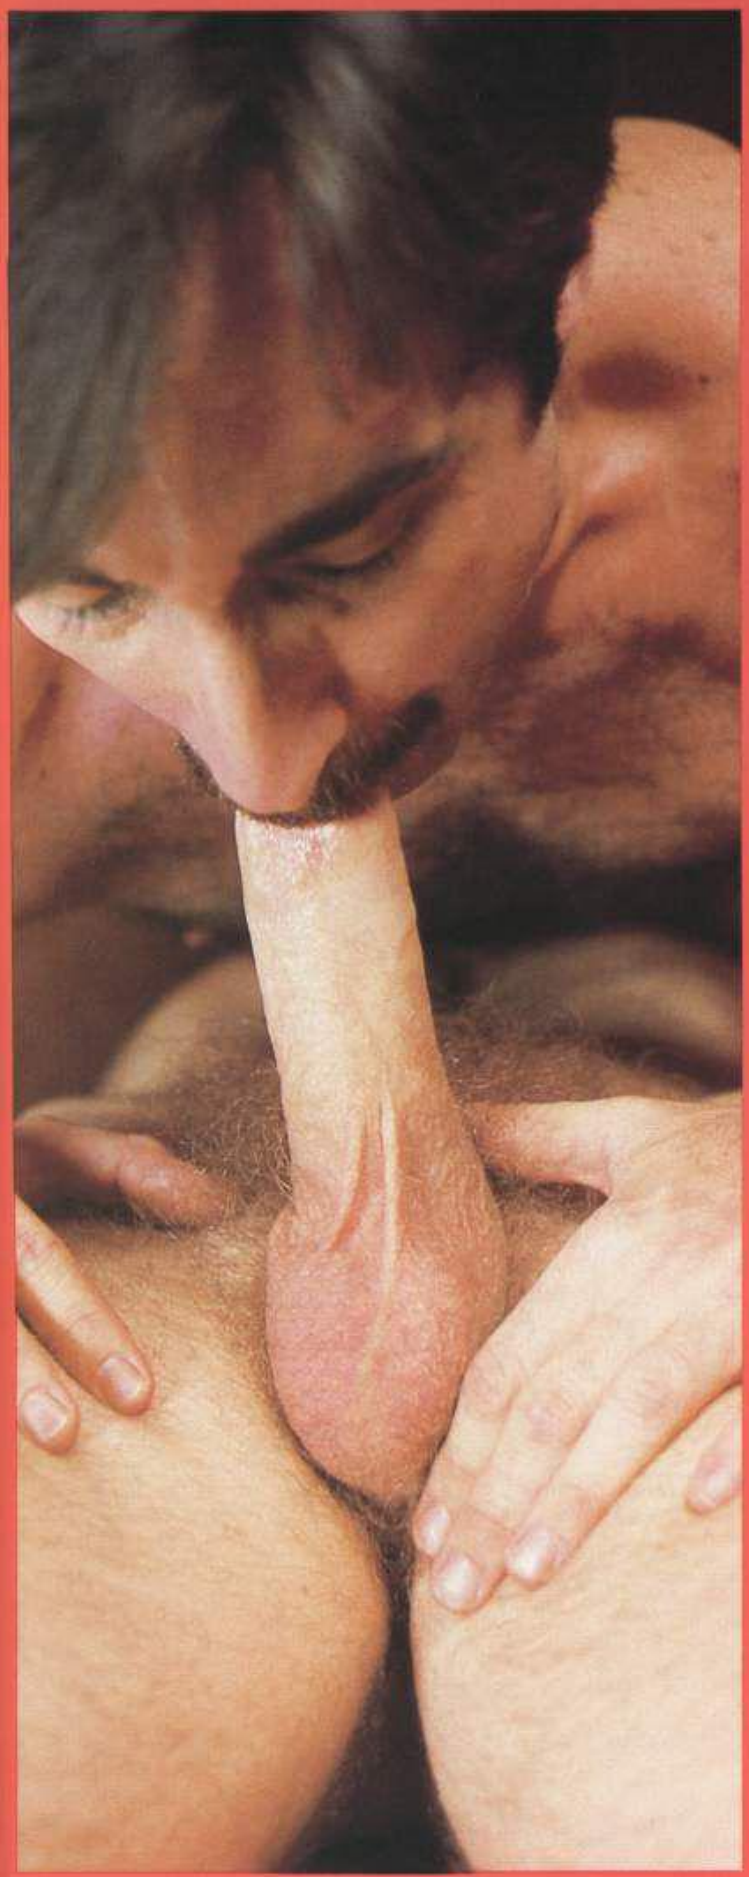


Each of them separately and finally both together, Vinnie displays his talents that have always made his kitchen a very hot place.

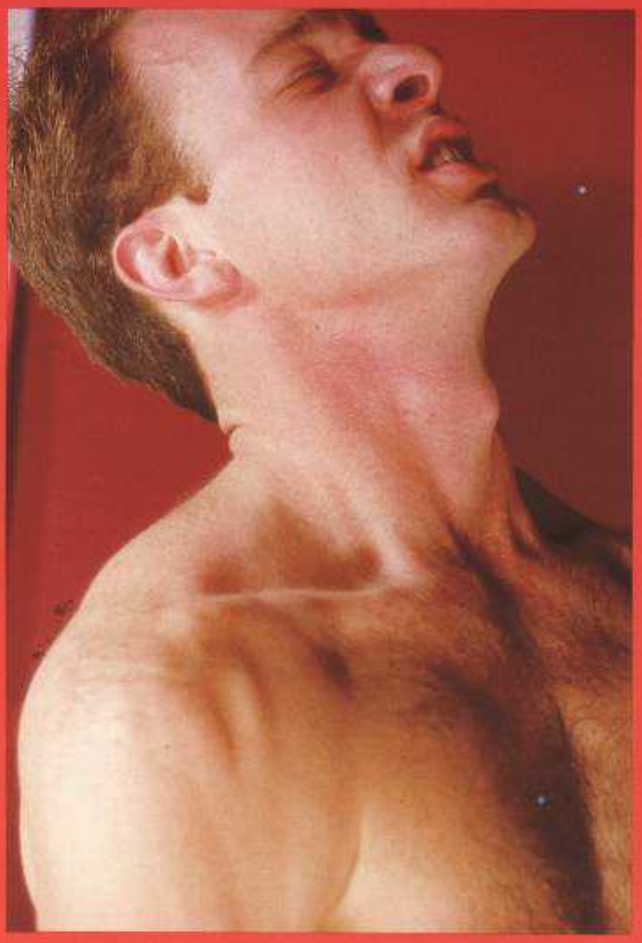
Vinnie goes for a double helping of Marc and Allen's dicks, teasing both heads at once as they strain eagerly at his lips.

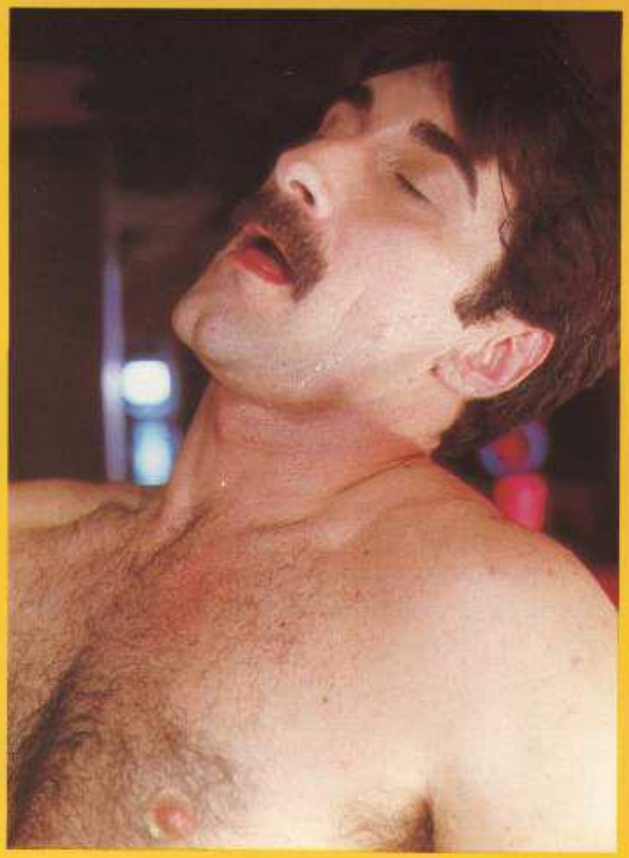
Marc knows how to serve at table and assumes his favorite throat opening position so he can have all of Vinnie's tubesteak fed down his channel.



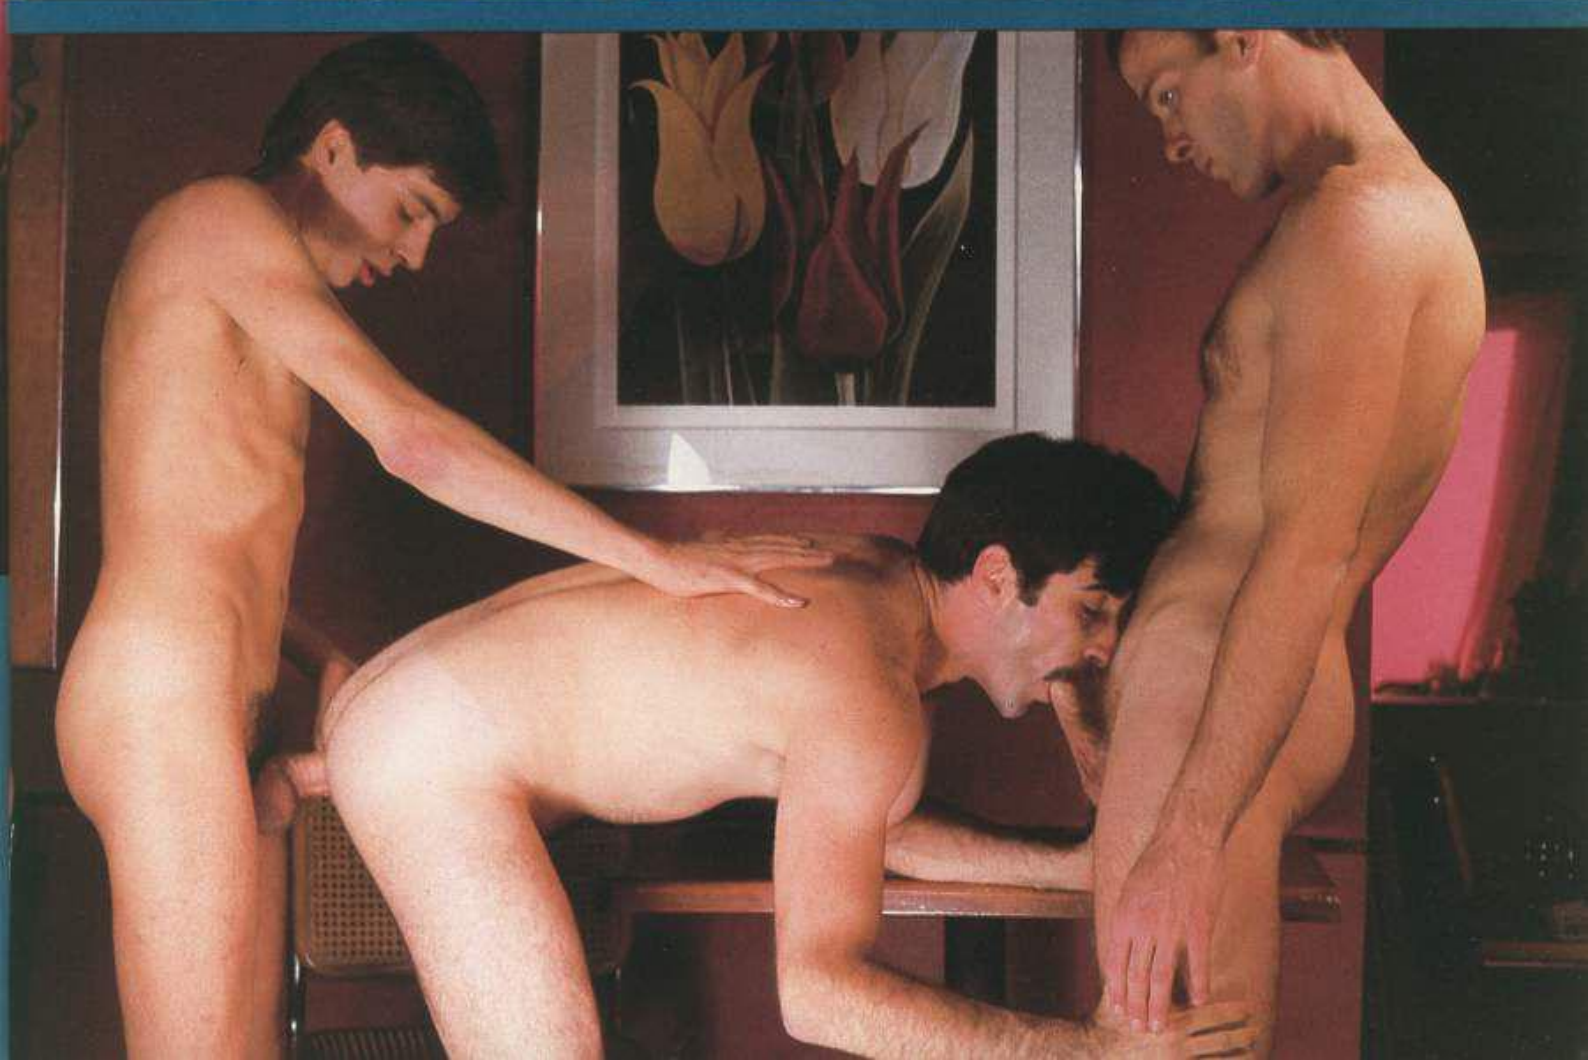


Allen finally gets his sandwich, but he's in the middle of this one. He never figured to be the filler, but he'll force himself.





Marcus can't wait any longer for his serving of tubesteak as he switches positions with Allen, taking the tremendous shaft and savoring Allen's fuckpole at the same time.



The rhythmic attentions of Marc and Allen are too much for Vinnie as he feels his balls rise against his shaft and finally overflow in streams of hot cum.

—his favorite course of any meal, a cream dessert.

Vinnie's hot blast gets Marc to boiling and he straddles Allen to serve up his piece de resistance
